

Moon Zoom!

Engage

A spaceship has landed. We are going to be detectives and find out what or who it is.

Develop

We are going to read Beegu, Whatever next and other space stories. We will learn about space using non-fiction books about space. We are going to develop our story writing and factual writing skills. We will be expressing our views about different space books and film characters.

Innovate

An alien has been found in a local supermarket. How can we help it return home? What do we need to find out? Let's send an email to the professor and send an electric light signal into space.

Express

We will express our ideas about different astronauts and reaching our own goals.

Maths

We will be continuing with addition and subtraction within 10/20. Learning about 2D and 3D shapes. Understanding place value. Recognizing, counting, adding and subtracting money, making equivalent amounts of money. Begin to multiply and divide.

Describe position and direction using $1/2$, $1/4$ and $3/4$ right/left turns.

Science

Learn about the properties of materials.

Carry out scientific investigations. Concentrate on making a prediction and recording results accurately.

Make and launch rockets using different materials.

History

Learn about significant astronauts and the moon landing.

Put space rockets in order on a timeline and learn about the space race.

RE

Christian values. RE: Special places. Christmas story.

PHSE

We will be thinking about our goals and aspirations.

Literacy Writing

We will be making posters, character profiles of real and fictional characters. We will be writing non-chronological reports about space travel. We will design space adverts for space travel and space toys. We will be planning and writing our own space themed stories.

Reading

We will be answering reading comprehension text about space. Checking our reading makes sense.

Speaking and listening

Speaking and listening in group activities, giving good descriptions.

Music

Learn space songs and listen to space music. Make up space music.

PE

Dance to space music and make up space dance sequences. Multi Skills. Forest School.

ICT

Know what algorithms are. Use a digital camera. Name digital devices. Send emails

Moon Zoom!
